CX-02 Printer

A new level of quality and portability

When quality and portability are critical requirements for your photo printer, look no further than the Citizen CX-02. The CX-02 joins Citizen's highly regarded CX printer range, offering new levels of quality, portability and compactness.

The CX-02 is 2kg lighter than the CX model and 15% smaller. Even so, it can still produce a lab quality photo print in just 8 seconds. Then there is the new ribbon reward function. No more wasted ribbon and paper when printing single 4 x 6 inch photos using 6 x 8 inch media. These features combine to make the CX-02 Compact the perfect printer for event photographers, photo party booths and retail kiosks..

- Paper load: Quick and easy media changing - drop-in paper loading and comfortable ribbon handling
- Two finishing options - glossy or matte surface selectable through printer driver
- Print mode: High quality mode + High-speed mode
- Compact and light-weight - fits into small, cramped spaces and is easy to move
- User friendly - simple set up and easy media changing
- Energy saving - sleep mode reduces energy consumption by 98%
- Improved printer driver - provides media status
- Ribbon rewind - no more paper or ribbon waste
- 150 prints per roll of media (4 x 6" media)
